Personal and Contact Information

Edilson Vieira

Born in 23rd, july 1969 in the city of Iúna-ES (Brazil)

e-mail: vieira.edilson-@-gmail.com

14 years of experience in **software development and mantainence** in a wide variety of architectures, programming languages and plataforms.

Technical Knowledge Overview

Business Area: Collection, Billing, Logistic and Telemarketing

Development Methodologies: Essential Analisys, Object Oriented Analisys, Functional Analisys

Programming Languages: MS Visual Studio .NET (C#), Object Pascal(Delphi), C++, PL/SQL (Oracle), Java (J2EE, J2ME), JSP, ASP, SmallTalk, Visual Basic, ABAP4 (SAP R3)

Databases: Oracle, SQL Server, Interbase, Sybase, IMS/DLI

Operational Systems: Windows NT, DOS/Windows, OS2, VM, Unix, Roscoe

Tools: RATIONAL ROSE, VIASOFT, TSO, RMDS, INFO

Languages: Portuguese (native) and English (intermediate to advanced)

Professional Experience

ECO Sistemas Ltda.

Analyst/Developer

Since 06/03/06

Development of application software for health care systems using VS .Net(C#), desktop and web plataforms.

Embratel

Analyst/Developer

21/07/03 até 24/02/2006

Functional specification; technical specification; development and maintenance of CACS Telecom (collection system) interface programs. Use of UML, C/Pro*C, ASP, PL/SQL and Shell scripts (Unix Solaris).

Test Architect

01/08/01 até 30/06/03

Requirement analysis; functional analysis; test architecture, support to Compuware and RSI test tools.

Interquadram Informática Ltda.

Analyst/Developer

02/01/00 até 05/01/01

C++ and SQL programming. Development and maintenance of Interquadram ERP software working with C++ with CORBA.

Companhia Siderúrgica Nacional (CSN) - Softtek

Analyst/Developer

01/04/99 até 19/12/99

ABAP/4 programming. SAP integration with the manufacturing system (mainframe) through interfaces defined in the SD (Sales and Distribution Logistic) and MM (Material Management) modules of SAP/R3.

Colégio Itapuca

Analyst/Developer

01/06/98 até 30/03/99

Development of a school management system. Client/Server architecture using Object Pascal (Delphi), MS Sql Server and Interbase.

Bayer

Analyst/Developer

01/04/98 até 30/06/98

Development of C programs for remote data collectors used by incineration of chemical residues supply control system.

Cootramo

Analyst/Developer

01/02/98 até 30/11/99

Development of a system for administration of a taxi cooperative. Implementation of the system in client/server architecture with Object Pascal (Delphi) and Oracle 8 for Windows NT/95 platform.

Infraero

Analyst/Developer

01/10/96 até 20/01/98

Visual Basic and PL/SQL (Oracle) programming. Maintenance and development of new features for the Tecaplus system (air cargo warehouse control).

Xerox do Brasil

Analyst/Developer

20/07/92 até 31/09/96

Telemarketing project coordination and installation in 14 Xerox branches at the main capitals of Brazil. Development of programs in Cobol, Clipper, C++, Visual Basic, PL/SQL and Access. Training and support to the system.

Education

Technical High School (Business Administration)

Graduated in **Computer Science** at Universidade Federal Fluminense (UFF) in 1995.

Tutorials at OOPSLA'97 (Object Oriented Programming Systems Languages and Applications) that took place in Atlanta-GA in 1997:

- *"Unified Modeling Language"*
by Graddy Booch, Ivar Jacobson and Jim Rumbaugh, Rational Software Corp.
- *"Architecture for Distributed Business Object Systems"*
by Fred Cummins, Steven Morney and Waqar Sabiq, Eletronic Data Systems.
- *"Concurrent Programming in Java Language and Libraries"*
by Doug Lea, State University of New York and David Holmes, Macquarie University.
- *"Developing Object-Oriented Real Time Systems with Octopus"*
by Maher Awad, Alcatel Telecom.
- *"Fundamentals of Object Database Management"*
by Mary Loomis, Hewlett-Packars Laboratories.
- *"From C++ to Advanced Java in One Day"*

Other Courses given at

- Object Oriented Programming – Xerox do Brasil
- Visual Basic with databases access – Relacional Tecnologia
- SLC (System Life Cycle) - EDS do Brasil
- RDP (Requirements Determination Process) - EDS do Brasil
- Relationship Styles - EDS do Brasil
- Function Points - Xerox do Brasil
- Quality - Xerox do Brasil
- Novell Network Administration - Xerox do Brasil

- MS Project - Xerox do Brasil
- JCL - Xerox do Brasil
- Access - Xerox do Brasil
- ABAP4 (SAP/R3) - Softtek

Interests and Extra-Activities

Photografy, Cinema, Music, Literature, Tourism and Chess.
